

### STEP 01

#### AREA 01

THE CONSTRUCTION BEGINS WITH THE COMMERCIAL FUNCTIONS ON THE FIRST FLOOR.

#### AREA 02

THE TUNNEL LEADS US TO A NEW SQUARE. A MARKET MOVES IN TO THE OLD BUILDINGS IN THE SOUTHERN PART OF THE AREA WITH A BIG PARKING LOT REPLACING THE DEMOLISHED BUILDINGS. A NEW TRAMWAY RUNS BETWEEN THE AREAS.

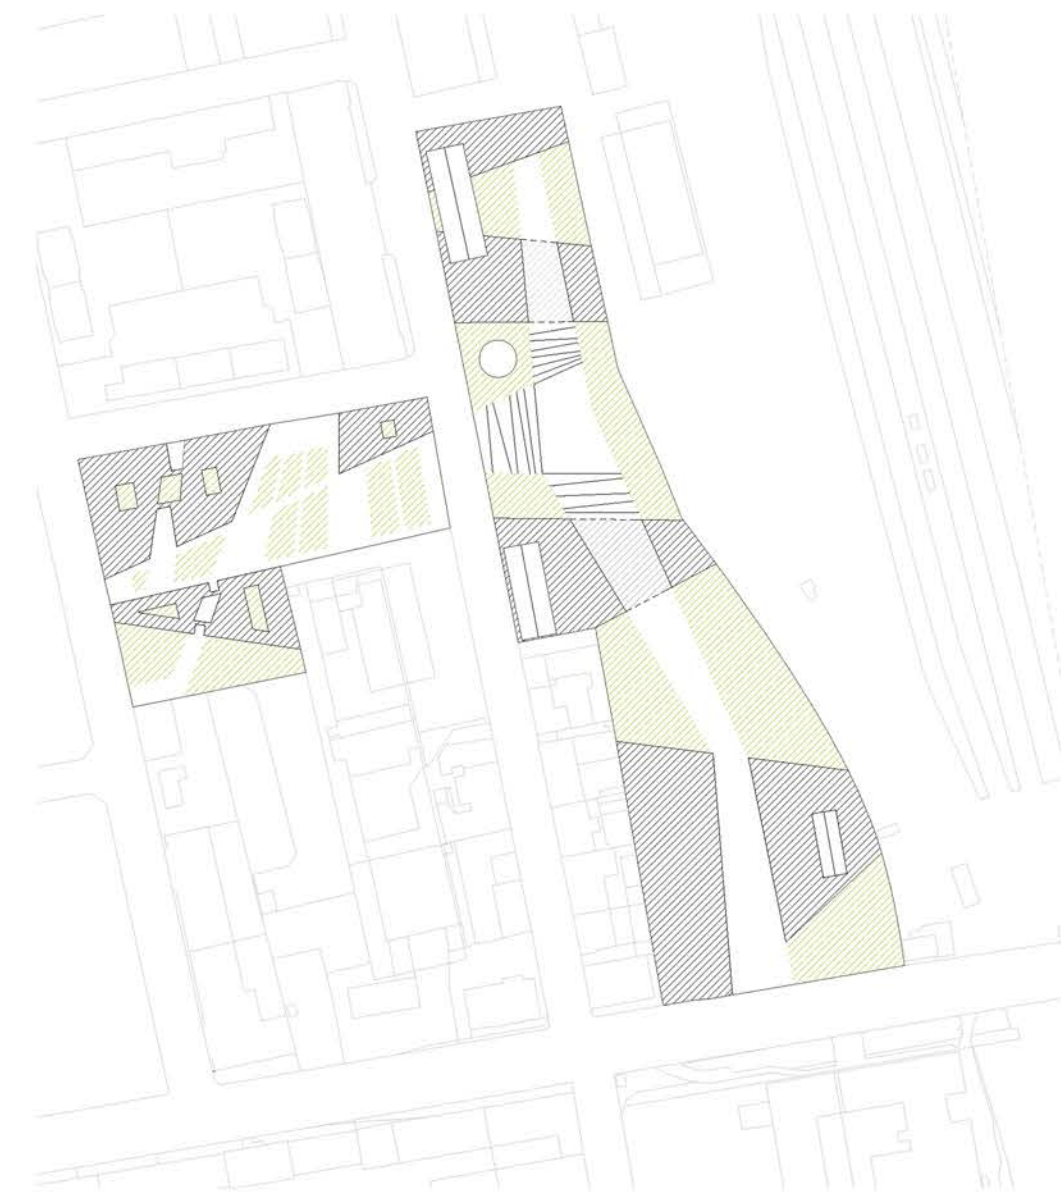

### STEP 02

#### AREA 01

THE AREA IS READY FOR THE INHABITANTS AND STUDENTS WITH APARTMENTS FROM ONE TO FOUR ROOMS.

#### AREA 02

THE NEW BUILDING OF THE MARKET COVERING THE OLD ONE AND THE PARKING LOT IS FINISHED. THE CONSTRUCTION OF THE MUSEUM AND THE ART SCHOOL HAS ALREADY STARTED WITH THE SAME OLD-BUILDING-COVERING SYSTEM. THE GREEN AND WALKING SURFACES ARE FINISHED.

### STEP 03

#### AREA 01

THE AREA IS COMPLETELY DONE AND CONNECTED WITH AREA 02.

#### AREA 02

THE MUSEUM AND THE ART SCHOOL ARE BOTH DONE. EACH OF THE NEW BUILDINGS ARE COVERING AN OLD, ORIGINAL BUILDING AND USING IT FOR A NEW FUNCTION. PEOPLE CAN USE THE TUNNEL AND THE NEW TRAMLINE EITHER TO REACH THE PROJECT SITE. THE RESIDENTS CAN ENJOY A HEALTHY PLACE FOR LIVING AND THE CLOSENESS OF THE NEW CULTURAL CENTRE.
