

ÓBUDA UNIVERSITY  
YBL MIKLÓS FACULTY OF ARCHITECTURE  
AND CIVIL ENGINEERING

# CALL FOR ABSTRACTS

Theme: The Potential of Challenge, Value in Change

**1ST YBL CONFERENCE ON THE BUILT ENVIRONMENT**

Budapest, Hungary **12 May, 2023**

During the last few years, humanity has been facing multiple challenges: pandemic hindered our personal contacts, a deepening crisis made us rethink our energy usage fundamentally, while the ever-growing threat of climate change is already showing its impact on our everyday life.

There is a call for change accommodating the ideas of architects, civil engineers, and practitioners from every field of engineering to rethink their methods, to find urgent and improved answers for new challenges.

However, change can be beneficial by exploring new ways, methods, technologies, and solutions, which can be a foundation for a sustainable future.

**Venue:**

Óbuda University Ybl Miklós Faculty of Architecture and Civil Engineering (74 Thököly street, District 14, 1146 Budapest)

**Organized by:**

Institute of Architecture, Óbuda University Ybl Miklós Faculty of Architecture and Civil Engineering

**Language:**

Scientific language of the conference: English  
Presentations and posters: English or Hungarian

**Topics** include but not limited to:

- History of Architecture and Heritage Protection
- Theory of Architecture and Design
- Innovative Building Constructions and Materials
- Contemporary Design and Visualization
- Parametric/Generative Architecture
- Artificial Intelligence and Architecture
- Methodology in Architectural and Engineering Education
- Building/City Energetics

Conference participation is **free of charge**, only registration required.

**Deadlines:**

**2 April, 2023**

Registration and digital abstract submission (for lectures, posters and papers)

**1 May, 2023**

Poster digital submission (printed version to be brought to the conference)

**15 June, 2023**

Full Paper submission

Selected papers will be **published** in either of the special issues of: **Ybl Journal of Built Environment (English papers)** open-access, double blind review, indexed in multiple databases through Scimago

**Hungarian papers:**

Magyar Építőipar, peer reviewed journal

**Conference website:**

<http://yblesz.uni-obuda.hu>

**Registration Form :**

<https://forms.office.com/e/LNRNCOY2yK>

**Submission of abstracts, posters and full papers:**

[ybl.epiteszmernoki.intezet@uni-obuda.hu](mailto:ybl.epiteszmernoki.intezet@uni-obuda.hu)

**Contact:**

*Dr. Zsuzsanna Fácányi,*

*vice dean for research - faczanyi.zsuzsanna@uni-obuda.hu*

*Dr. Viktória Sugár,*

*director of institute - sugar.viktoria@uni-obuda.hu*
