Date: **Tuesday May 17th, 2016**

Time: **8.30-17.00**

Location: **Siemens Conference Center,
Gizella u. 51 – 57,
1143 Budapest, Hungary**

This is a one-day workshop aimed at giving non-financial people a general understanding of how financial decisions are made in respect of green building investments.

Different professionals have a range of needs and requirements of a green investment programme and this course will outline the various initiatives and organisations that exist internationally to support and align these different approaches. The course's language is English.

Trainer is
Victor Branagan
from Ireland
